

# T65 Locator Web tutorial

How to use the web version of the T65 Locator system

## Open the web app

Visit the page: <https://web.t-65locator.com/login> and login with your credentials for the app.

\*If you don't remember your password you can reset the password in the app by clicking "Forgot your password?"

## Find new leads

Choose zip code and distance in the filter on the right side of the app.

If the system finds leads, you will be able to download the ones found

\*The system will automatically take leads that you have not downloaded before.

## Download the leads

Click the download button to get the newly chosen leads. Go to my leads page to download all the previous found leads.

On the find new leads page in the left side beneath the filter you can see your current monthly quota.

If you have any problems or issues don't hesitate to contact us on [info@t-65locator.com](mailto:info@t-65locator.com)
